(Note) 1. The requirement for adoption is approval by a majority of the voting rights of the shareholders present at the meeting who may exercise voting rights.

2. The requirement for adoption is approval by a majority of the voting rights of the shareholders present at the meeting and the presence of shareholders holding one third or more of the voting rights of shareholders who may exercise voting rights at the meeting.

(4) Reason why a portion of the number of voting rights of the shareholders present at the meeting was not included in the number of voting rights

The requirement for adoption of proposal was satisfied by the aggregation of the number of voting rights exercised by the date immediately before the date of the meeting and the number of voting rights of some shareholders present at the meeting whose intention of approval or disapproval of proposal was confirmed. As a result, the resolutions were legally adopted pursuant to the Companies Act. Therefore, the number of voting rights of the shareholders present at the meeting whose intention of approval, disapproval or abstention was not confirmed was not included in the calculation.
