All measurements in millimeters.
Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.
READY FOR ACTION

Bold lines. Flared fenders. A deeply sculpted wedge like an athlete perched to explode from the starting block. Onlookers are left behind to ponder its steeply raked rear window.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.
EXHILARATION AT YOUR COMMAND

The sporty, meticulously crafted cockpit quickens your pulse and heightens your pleasure. Every detail is designed to enhance your awareness and control. So driving feels intuitive with direct, linear response to every command.

Head Up Display [HUD]
The Head-Up Display conveys vehicle information in full color above the meters for easy viewing. You can adjust image brightness and display height to suit your preference and time of day. The combiner extends or retracts when you turn the ignition.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.
A REFRESHING EXPERIENCE FOR ALL

The joy of driving extends to every passenger in the spacious cabin, which is overflowing with quality materials and solid craftsmanship. Comfortable seats with supportive contours and plenty of legroom keep everyone feeling refreshed even on the longest of journeys.

Rear seat adjustment

The comfortable rear seats with 9-step reclining and 200mm sliding adjustment can be slid all the way back for class-leading legroom. Even then, there is plenty of storage space in back and the 60:40 split seatbacks can be individually lowered for more.

Slender side sills

The side sills are slender and protected from thrown up dirt by door garnishes while driving, so anyone can comfortably enter and exit the vehicle without rubbing their legs on the car and getting their clothes dirty.

Tailgate window

The rear view is clear through the double rear windows with minimal interference from the height-adjustable rear headrests, which are specially designed to stay low while providing comfortable head support.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.
WHEN LIFE THROWS YOU A CURVE, STAY IN TOTAL CONTROL.

Challenges arise when you least expect them. Whether navigating winding roads or snowy conditions, S-AWC (Super-All Wheel Control) vehicle dynamics control system supplies optimal drive torque to the rear wheels, as well as optimal drive and brake torque to the left and right front wheels, for incredible stability and control.

S-AWC (Super-All Wheel Control) Integrated vehicle dynamics control system

S-AWC raises your confidence on any road by combining electronically controlled 4WD with Mitsubishi Motors’ proprietary Active Yaw Control (AYC), which uses braking to optimally distribute torque to the left and right wheels. Even if you unintentionally brake or accelerate too hard around a snow-covered turn, you can maintain control without extra steering effort because S-AWC detects road conditions on a real-time basis and adjusts braking, as well as coupling in the rear differential, to improve vehicle performance. An indicator in the instrument panel keeps you informed of S-AWC status. You can choose the AUTO, SNOW or GRAVEL drive mode depending on road conditions to enhance turning accuracy, straight-line stability and maneuverability on slippery roads.

Active Yaw Control (AYC) (for 2WD)

AYC brake control function for 2WD models enhances cornering performance by optimizing front brake force, allowing you to find the intended driving line. View the amount of force AYC is controlling through an indicator on your meter display.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.
RESPONSIVE ACCELERATION.
MORE POWER FROM EVERY DROP OF FUEL.

1.5L direct-injection turbocharged gasoline engine
Downsized for efficiency and turbocharged for powerful torque at low-to-mid rpm, the newly developed engine puts instant acceleration at your command. This highly responsive performance was made possible by direct fuel injection, an exhaust manifold-integrated cylinder head, sodium-filled exhaust valves, MIVEC (Mitsubishi Innovative Valve timing Electronic Control system) and more.

2.0L MIVEC gasoline engine
The 2.0-liter engine delivers exciting response from low to high rpm thanks to the optimized valve timing of advanced MIVEC (Mitsubishi Innovative Valve timing Electronic Control system) technology.

Make all the right moves in relaxed comfort.
Handling is stable, intuitive and predictable. Where you point, the vehicle goes with unerring precision and poise thanks to a fine-tuned suspension, responsive steering and supreme body rigidity — reinforced by spot welding, structural adhesives and a standard strut tower bar over the engine. At the same time, all passengers enjoy an extremely comfortable ride on every road wherever you travel.

INVECS-III CVT and 6 MT
The advanced CVT supports smooth, powerful acceleration and outstanding fuel efficiency. It teams new step shift control with the 1.5-liter engine, for a highly satisfying sensation of shifting gears, and standard step-up shift control with the 2.0-liter engine.
A new lightweight 6-speed manual transmission is also available with the 1.5-liter engine.
Advanced safety technology supports safer, more confident driving on the road and in parking lots, day and night. From intelligent sensors that track your surroundings and warn you of danger to active driving assistance and solid passive protection, the ECLIPSE CROSS delivers all around high levels of safety.

**Forward Collision Mitigation System (FCM)**

Helps prevent a frontal collision or reduce damage if the collision becomes unavoidable. Responds to vehicles and pedestrians via camera and laser radar.

- **Danger of collision**
  - Warning + braking assistance
- **High danger of collision**
  - Warning + auto braking
- **Extremely high danger of collision**
  - Warning + strong auto braking

**Adaptive Cruise Control (ACC)**

Maintains a selected distance between your vehicle and the car ahead via radar for greater safety and peace of mind. It reduces driver stress especially during traffic jams on highways.

- **No vehicle in front**
  - Your selected speed is maintained even if you remove your foot from the accelerator pedal.
- **Vehicle in front**
  - Your selected distance between vehicles is maintained.
- **Vehicle in front (slowing/stoppage)**
  - When the vehicle in front slows or stops, ACC slows or stops your vehicle.

**Lane Departure Warning (LDW)**

This feature beeps and displays a warning if the vehicle drifts from its lane while the turn signals are not operating.

- **High beam**
- **Low beam**

**Automatic High Beam (AHB)**

To increase safety, comfort and driving ease at night, the high beams automatically switch to low beams when vehicles are detected ahead and automatically switch back to high beams so you don’t have to remove your hand from the steering wheel to switch the beams manually.

**Hill Start Assist (HSA)**

When you release the brake by stopping a vehicle on a steep slope, HSA helps prevent you from rolling backwards while maintaining the braking force for up to two seconds until the accelerator is applied.

**Blind Spot Warning (BSW)**

This safety feature uses radar sensors in the rear bumper to detect vehicles in your rear blind spots, on the right and left sides. An indicator appears in the corresponding door mirror and a buzzer sounds.

**Rear Cross Traffic Alert (RCTA)**

An indicator appears in the combination meter display when RCTA is active. If radar sensors in the rear bumper detect an approaching vehicle while reverse gear is engaged, a warning message appears in the Multi-information display, a buzzer sounds and an indicator blinks in both door mirrors.

**Rear Cross Traffic Alert (RCTA)**

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

**Ultrasonic misacceleration Mitigation System (UMS)**

Engine output control activates:
- When driving at very low speeds (not in N or P position)
- When obstacle/vehicle is within a short distance
- When accelerator pedal is pushed hard or abruptly
- When driver is not turning to avoid obstacle/vehicle

UMS: The detection and control capabilities of Ultrasonic Misacceleration Mitigation System (UMS) are supplemental only and do not prevent misacceleration in every situation. Please drive safely and do not rely solely on UMS while driving. UMS is not designed to detect pedestrians, but may detect them or be activated in some situations. Auto braking is available only when your vehicle is equipped with ACC and RCTA. The system may not operate correctly or misoperate if your vehicle is equipped with ACC and RCTA. The UMS may not function correctly in some conditions. The ultrasonic sensor wave graphics are for illustrative purposes only and do not represent the actual sensor application. Please see the owner’s manual for additional information.

**Forward Collision Mitigation System (FCM)**

No vehicle in front

Vehicle in front

Vehicle in front (slowing/stoppage)

Warning + braking assistance

Warning + auto braking

Warning + strong auto braking

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.
**FEATURE HIGHLIGHTS**

**Power panoramic sunroof**
The stylish twin sunroofs with outer sliding glass open up the atmosphere for the driver and all passengers. Each shade can be separately operated to let in refreshing sunlight.

**Keyless Operation System [KOS]**
When carrying the key, you can press a button on the outside of the front doors or tailgate to lock or unlock all the doors and tailgate, and press the engine switch in the cockpit to start or stop the engine.

**Electric Parking Brake with Brake Auto-Hold**
Simply pull the switch up to apply the parking brake or push the switch down to release it. If Brake Auto-Hold is active, the vehicle will remain stationary even if you release the brake pedal. Pressing the accelerator releases the brakes.

**Rain sensor**
The rain sensor activates the windshield wipers automatically when moisture is detected on the windshield.

**Cruise control**
Vehicle speed is automatically maintained without keeping your foot on the accelerator pedal, allowing more relaxed driving on extended journeys. Pressing the brake pedal disengages the system.

**Auto headlights**
When your surroundings become dark, such as at night or when passing through a tunnel, the headlights automatically activate for your safety and convenience.

**Display Audio**
Controlling the audio system is easy on the 6.1-inch QVGA touch-panel display, which can also display the views from the rear view camera.

**USB port**
The port is conveniently located near the shift lever, allowing easy access from both front seats.

**Rockford Fosgate® premium sound system**
Savor the stunning sound quality of a new audio system jointly developed with the Rockford Corporation. Nine speakers surround you with spectacular DTS Neural Surround™ sound.

**Heated seat**
The driver's and front passenger's seats provide heaters in the cushions and seatbacks that can be activated or deactivated from easy-to-access switches.

**Cruise control**
Vehicle speed is automatically maintained without keeping your foot on the accelerator pedal, allowing more relaxed driving on extended journeys. Pressing the brake pedal disengages the system.

**3.5cm soft dome tweeter**

**16cm vacuum formed cone speaker**

**16cm vacuum formed coaxial 2-way speaker**

**25cm dual voice-coil subwoofer**

**710W 8-channel high-power amplifier**

**Color LCD Multi-information display**
The large, 4.2-inch liquid crystal Multi-information display in the center of the meter panel is extremely easy to read. It keeps you clearly informed of various useful information on vehicle status, your trip, external temperatures and more.

**Note:** Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.
**EQUIPMENT LEVEL**

**GLX**

- Bronze Metallic (C21)

- Optional shown:
  - Front skid plate (silver)
  - Rear skid plate (silver)
  - Side window molding (chrome)
  - Rear window molding
  - Door garnish (chrome)
  - Steering switch (audio control)
  - Display audio with 6 speakers, AM/FM radio, CD, USB port (Front console) and Rear view monitor
  - LED Daytime Running Lamps (DRL)
  - Front fog lamps
  - Display audio with 4 speakers, AM/FM radio, CD, MP3 player (Front console) and Rear view monitor
  - LED headlights (high/low beam) with auto leveling
  - Auto on/off headlights
  - Rain-sensing windshield wipers
  - Bluetooth® hands-free system with voice control
  - Display audio with 6 speakers, AM/FM radio, CD, MP3 player (Front console) and Rear view monitor

- Equipment level
  - 215/70R16 tires and 16” x 6.5J alloy wheels machine finished 2-tone
  - Anti-lock Brake System [ABS] with Electronic Brake-force Distribution [EBD]
  - Front grille (silver and front bumper center (black)
  - Side door garnish (black)
  - Rear door garnish (black)
  - Window tint (rear window)
  - Side turn lamp (color-keyed)
  - Shark-fin antenna
  - Roof spoiler
  - Driver’s and passenger’s SRS airbags
  - Lower anchor and tether anchor for ISO-FIX child seat (for rear seat) x 2
  - Steering wheel (3 spoke type) and Gearshift knob
  - Rear seat sliding and reclining function
  - Rear seat back folding function (60:40 split type)
  - Remote keyless entry (transmitter x 2)
  - Automatic climate control air conditioning
  - Active Yaw Control [AYC] (for 2WD)
  - 225/55R18 tires and 18” x 7.0J alloy wheels machine finished 2-tone
  - Active Stability Control [ASC] with Hill Start Assist [HSA] and Brake Assist
  - Front grille (silver and chrome) and front bumper center (gloss black)
  - Front door glass with sound proof (laminated glass with ultra violet ray-absorbing function)
  - Electric Parking Brake with Brake Auto Hold
  - Rear center armrest with drink holder x 2
  - Inner door handles (chrome)
  - Driver’s and passenger’s sunvisor with vanity mirrors,等诸多, ticket holders and illuminations
  - Floor console box with large armrest (synthetic leather)
  - Power windows with anti-trapping and all doors auto up and down for driver’s seat with illumination switch

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

**GLS**

- Red Diamond (P62)

- Equipment level (in addition to GLX)
  - Display audio with 4 speakers, AM/FM radio, CD, MP3 player, USB port (Front console) and Rear view monitor
  - LED Daytime Running Lamps (DRL)
  - Front fog lamps
  - Display audio with 4 speakers, AM/FM radio, CD, MP3 player (Front console) and Rear view monitor
  - LED headlights (high/low beam) with auto leveling
  - Auto on/off headlights
  - Rain-sensing windshield wipers
  - Bluetooth® hands-free system with voice control
  - Display audio with 4 speakers, AM/FM radio, CD, MP3 player (Front console) and Rear view monitor

WARNING

- Individuals who use implantable pacemakers or implantable cardioverter-defibrillators should keep away from the transmitting antenna of keyless operation system. The electromagnetic waves used in the keyless operation system may affect the operation of implantable pacemakers or implantable cardioverter-defibrillators.
- Individuals using other electro-medical apparatuses should check with the manufacturer of the apparatus to confirm the effect of the electromagnetic waves used by the keyless operation system, as the electromagnetic waves may affect their operations.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.
## STANDARD AND OPTIONAL EQUIPMENT

### Grade
- GLX 2.0L
- GLS 2.0L
- GLX 1.5L
- GLS 1.5L

### Standard
- Drive mode selector
- Immobilizer
- Keyless entry
- Power windows
- Rearview mirror
- Center console
- Headlight washers
- Display Audio with Rockford Fosgate® premium sound system / Rear view monitor
- Electric power steering
- Rear combination lamps (LED tail and stop lamp)
- Front fog lamps / LED Daytime Running Lamps (DRL)
- Hands-free system with voice control
- Forward Collision Mitigation system (FCM)
- Bluetooth® hands-free system with voice control
- Keyless Operation System (KOS) / engine switch (transmitter x 2)
- Keyless Operation System (KOS) with engine switch / Bluetooth® hands-free system with voice control
- Keyless Operation System (KOS) / engine switch (transmitter x 2)
- Keyless Operation System (KOS) with engine switch

### Optional
- Cruise control
- Leather-wrapped steering wheel / Gearshift knob
- Rear seat sliding and reclining function
- Front seat sliding and reclining function
- Rear seat back folding function (60/40 split type)
- Front seat back folding function (60/40 split type)
- Front seat headrest
- Rear seat headrest
- Driver’s seat headrest
- Driver’s seat armrest with drink holder x 1
- Rear seat headrest
- Front seat headrest
- Front and rear door trim (cloth inner)
- Front and rear door trim (leather inner)
- Bottle holders (front and rear doors)
- Interior door handles
- Central door locking system
