Effortlessly Elegant, Powerfully Rugged

Nothing says power and prestige like Mitsubishi’s internationally acclaimed Montero. Sleek yet rugged, this exclusive, all-around SUV is ready to take on any environment, from crowded city streets and bumpy back roads to unpaved paths just waiting to be explored. With premium features, exhilarating performance, and style that just won’t quit, you’ll only wish you’d discovered it sooner.

3.8-liter 5-Door GLS shown with optional equipment / Sterling Silver Metallic [U25]

Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

Note: Hazardous driving may cause serious injury or vehicle damage. Please drive safely all the time.
Man-Machine Interface

Comfortable and inviting, the interior of Montero is a far cry from the terrain it was designed to face. Illuminated meters and leather-wrapped controls are all ergonomically arranged and awaiting your command, while the soft leather seats and luxurious appointments throughout tempt you to forget your destination and simply keep driving.

3.2-liter 5-Door GLS shown with optional equipment / Black Leather seats
Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.
Cool Sport

As sleek as it is spacious, Montero’s expansive interior delivers a ride of luxurious comfort for you and your passengers. Providing ample head- and legroom for up to seven occupants, Montero also features versatile seating arrangements to match your carrying needs. The third-row seats can be easily stowed under the floor to create a wide, flat storage space ideal for suitcases, or removed completely to give you a convenient underfloor compartment. For even larger items, the second-row seats can also be folded down to provide enough space for nearly anything you want to bring.

3.2-liter 5-Door GLS shown with optional equipment / Black Leather seats
Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.
Flexible Utility Space
Every day brings new destinations, new friends, and new adventures. You don’t want to be stuck in someone else’s rigid assumptions of where to go and what to do. Montero understands, and provides you an interior as versatile as it is roomy, with plenty of seating and storage options for work, fun or daily life.

Seat Arrangements (GLX and GLS)

Convenient Folding 2nd- and 3rd-row Seats (GLX and GLS)

Premium Entertainment
Few things are as fun as listening to your favorite tunes as you head down the road. Now you can enjoy them as never before with Montero’s powerful Rockford Acoustic Design™ premium sound system that turns the entire cabin into a concert hall. For rear passengers, the DVD player and video screen might just be enough to make up for not getting to drive.

Rockford Acoustic Design™

Audio Controls on Steering Wheel

Surround Sound
The surround sound system balances front and rear speakers with the powerful subwoofer to create the feeling of being right in the center of the action. The sound balance can be adjusted to focus on the front seats, or to provide an even balance for the whole interior.
ASTC (Active Stability and Traction Control)

ASTC utilizes a network of control units and intelligent sensors to monitor vehicle status as well as the driver’s steering. At road and vehicle conditions change, ASTC manages the forces on all wheels by precisely controlling engine torque and braking force going to each one, providing improved yaw control, trace ability and traction in all driving conditions. ASTC lets driving enthusiasts enjoy the full potential of Montero in complete confidence.

Monocoque Body with Built-in Ladder Frame

They say that superior off-road handling capability could only come at the expense of on-road smoothness. They have obviously never driven Montero. By incorporating a lightweight and highly rigid monocoque body with a built-in ladder frame that provides added resistance to torsion and flexing and fixing them atop a dynamic independent suspension, Montero achieves an unprecedented combination of all-terrain control and luxury sedan comfort. For added durability, Montero now makes more extensive use of galvanized steel body panels, while the aluminum hood panel reduces weight for better handling.

Front Midship Layout

The engine on Montero has been shifted back closer to the center of the vehicle. This places more weight between the axles to greatly improve handling and control. In addition, the engine position allows a better approach angle and provides added crumple zone protection in the event of an accident.

Super Select 4WD II (SS4 II)

Montero’s advanced control technologies were first conceived and developed to meet the challenges of the world’s most grueling rally courses. Proven under real-world conditions more demanding than any test track, they are now ready to go into Mitsubishi vehicles like Montero.

Sports Mode for AT

Standard on all AT models, Sports Mode delivers the excitement of a manual shift while still providing the convenience of an automatic. Changing gears for enhanced response and performance with just a touch of the shifter, Sports Mode reminds you of what driving was like back when you first learned how.

Rally-proven Technologies

Mitsubishi’s advanced control technologies were first conceived and developed to meet the challenges of the world’s most grueling rally courses. Proven under real-world conditions more demanding than any test track, they are now ready to go into Mitsubishi vehicles like Montero.

Note: The control capabilities of ASTC are supplemental only. Please drive safely and never rely solely on these functions while driving. Be sure to use the same specified type and size of tires on all 4 wheels. Do not install any aftermarket limited slip differential on your vehicle. Please see the owner’s manual for additional information.

Rear Differential Lock

Montero also offers a rear differential lock for extreme off-road conditions, delivering the traction and handling needed to prevent wheel slip and navigate treacherous situations. Combining its low-torque performance with ASTC, drivers will find that no adventure is out of reach.

Rally-proven Technologies

Mitsubishi’s advanced control technologies were first conceived and developed to meet the challenges of the world’s most grueling rally courses. Proven under real-world conditions more demanding than any test track, they are now ready to go into Mitsubishi vehicles like Montero.

Super Select 4WD II (SS4 II)

Montero’s advanced SS4 II lets you shift between 2H, 4H and 4HLc modes at speeds of up to 100 km/h, providing on-demand control for highway performance or off-road traction whenever you need it.

Sports Mode for AT

Standard on all AT models, Sports Mode delivers the excitement of a manual shift while still providing the convenience of an automatic. Changing gears for enhanced response and performance with just a touch of the shifter, Sports Mode reminds you of what driving was like back when you first learned how.

Rear Differential Lock

Montero also offers a rear differential lock for extreme off-road conditions, delivering the traction and handling needed to prevent wheel slip and navigate treacherous situations. Combining its low-torque performance with ASTC, drivers will find that no adventure is out of reach.

Super Select 4WD II (SS4 II)

Montero’s advanced SS4 II lets you shift between 2H, 4H and 4HLc modes at speeds of up to 100 km/h, providing on-demand control for highway performance or off-road traction whenever you need it.

Note: Super Select 4WD II lets you shift between 3H, 4H and 4HLc modes at speeds up to 100km/h. Vehicle must be stopped when switching between 4HLc and 4LLc. Please see the owner’s manual for additional information.
Engine Performance

The control that put Montero in the Dakar Rally record books didn’t come by skimping on engine power. The rugged outdoors are unforgiving on those who show up unprepared, which is why Montero comes with a range of engines to provide ample power for all conditions.

3.8L 24-valve V6 SOHC MIVEC

Montero’s 3.8-liter engine puts an incredible 250 PS at your command ensuring that you’ll never be short on power. The MIVEC (Mitsubishi Innovative Valve Timing Electronic) Control system varies the intake valve timing lift to optimize engine output across more of the rev range. The net result is enjoyment of all the full potential this powerhouse has to offer, with quicker starting response and sure, confident cruising performance.

3.2L 16-valve DOHC COMMON RAIL DI-D

The 3.2-liter DI-D (Direct Injection Diesel) engine provides superior torque, especially at low and mid rev ranges. The Common Rail injection system electronically controls fuel intake to deliver precisely the right amount to each cylinder, while the direct injection system enables far more efficient combustion for better fuel efficiency and reduced emissions.

2.8L 24-valve V6 Intercooled Turbocharged Diesel

Designed for the 3.8-liter engine, it further optimizes performance by adjusting air intake. At low and mid rpm ranges, only the primary port is used, increasing airflow speed for better torque and quicker starts, enhancing off-road escapability and fuel efficiency. At higher rpm ranges, both intake ports open to increase airflow volume and maximize power.

2.8L 8-valve SOHC Intercooled Turbocharged Diesel

This intercooled turbo diesel engine with pre-air cleaner is built for smooth, comfortable performance, providing ample power both on-road and off in a fuel efficient package.

Variable Intake Manifold

The critical factor in precision diesel engines is pressure. By using a Common Rail to supply fuel injector lines, a single pump can provide constant high fuel pressure. In addition, the ECU electronically controls fuel flow to allow three injections with every cycle, maximizing power output while minimizing waste and emissions.

Cyclone-type Pre-air Cleaner

To perform at its best, an engine needs a continuous flow of clean air. The pre-air cleaner increases air intake while filtering out dust and moisture. With the engine breathing easy, Montero is ready to take on any road.

Safety and Reliability

Accidents happen. Mitsubishi knows that sometimes the road throws an unexpected surprise in your path, so Montero is outfitted with an array of advanced active and passive safety technologies. Enjoy your drive with the peace of mind of knowing that you and your passengers are safe and secure.

Monocoque Body with Built-in Ladder Frame

The strength of Montero’s ladder frame has been nearly tripled over previous designs, providing even better resistance to torsional and flexural stresses without any further increase in weight. This rigidity translates to better handling and comfort over difficult road conditions and lower chance of control loss.

3.0L 24-valve V6 SOHC

For all the power you need to roam the city streets or enjoy the great outdoors up close. Equipped with multi-point fuel injectors for increased performance, this 24-valve V6 engine packs a punch not to be ignored.

3.0-liter SOHC V6 24-valve (6G72)

Common Rail Fuel System

ASTC (Active Stability and Traction Control)

ASTC analyzes the forces acting on Montero to anticipate control loss and take preventive measures. Additional braking is delivered to the wheels that need it, enabling you to hold your line precisely through each turn.

Brake point

With ABS

Passengers and cargo with EBD

Driver only with EBD

Multi-mode ABS (Anti-lock Braking System)

When the road throws you an unexpected curve, ABS ensures that you’ll be ready. The 4-sensor, 4-channel system is matched to each SS4 II mode to ensure skid-free braking regardless of surface conditions.

EBD (Electronic Brake-force Distribution)

Electronic Brake-force Distribution modulates each braking channel independently, providing additional force to the rear wheels when the vehicle is carrying passengers or cargo. This ensures you are able to come to a stop quickly and safely, regardless of load or road conditions.

Safety-design Fuel Tank

Positioned ahead of the rear axle to help prevent leakage in a collision, Montero’s fuel tank is also guarded by a tough resin underprotector.
**5-DOOR GL (9 SEATER)**
Gasoline engine: 3.0-liter V6 ECI-MULTI
Diesel engine: 2.8-liter intercooled turbocharged diesel (shown here)

**5-DOOR GLX (PACKAGE OPTION FOR GLS)**
