RECYLING OF OLD VEHICLES

It is our duty to protect the environment. Mitsubishi Motors designs and produces high quality vehicles and components aiming to provide our customers with durable motor vehicles, and excellent services to maintain your vehicle in an optimum running condition. We have the highest respect for the environment and use materials which may be recycled and re-used after your Mitsubishi Motors vehicle has come to the end of its economical life. After a long working life we will take your vehicle back and recycle it in an environmentally friendly manner in accordance with the EU Directive on End-of-Life Vehicles and any applicable national statutory provisions.

All Mitsubishi Motors vehicles (up to 3.5t GVW) sold after 1st July 2002, will be taken back free of charge from the last owner, at one of the designated take back points, provided the vehicle contains all major components and is free of waste. From 1st January 2007, this applies to all Mitsubishi Motors vehicles irrespective of the sold date. A network of collection points is available to receive Mitsubishi Motors End-of-Life Vehicles, to ensure your vehicle will be recycled in an environmentally friendly manner. At the same time, the possibilities for the recycling of vehicles and vehicle components are continually being evaluated and improved, aiming to the achievement of even higher recycling percentages in the future.

The European End-of-Life Vehicles Directive and the free take back of End-of-Life Vehicles are applicable in all European Union member states. The transposition of the End-of-Life Vehicles Directive into national law in each member state might not have been completed at the time of putting this publication to print.

Please refer to www.mitsubishi-motors-europe.com and select the web site of the Mitsubishi Motors service network in your country of residence, or call the National Mitsubishi Motors Customer Assistance Centre for further details.

PREVENTION

It is our duty to protect the environment.

MITSUBISHI MOTORS ASSISTANCE PACKAGE

On-call 24 hours a day, 7 days a week

In order to demonstrate our commitment to your mobility and the faith we have in the reliability of our vehicles, you will receive a free MAP card valid for 5 years with your new Mitsubishi. With the MAP card in your pocket, your mobility is guaranteed in more than 30 countries throughout Europe. Should you ever need assistance in the event of breakdown, accident, theft or vandalism – wherever you are, 24 hours a day, 7 days a week – just call the number on your card and the problem will be fixed on the spot. If it’s more serious, your car will be taken to the nearest Mitsubishi dealer and you’ll be offered services such as a hotel, continuation of journey, a replacement car and vehicle repatriation.

Around 2,500 Mitsubishi Motors Authorised Service Points in Europe are committed to helping you wherever you are.

PROFESSIONAL SERVICING

Even new cars require regular maintenance and servicing. Not just to guarantee your mobility, but also for the safety of you and your passengers. Trained professionals using specialist diagnostic equipment and original parts at your Mitsubishi Authorised Service Point are ready to oblige. You’ll be advised about the cost beforehand, so there will be no unpleasant surprises when you return to pick up your vehicle.

MITSUBISHI MOTORS GENUINE PARTS

Even the smallest technical faults can lead to accidents. Therefore, all Mitsubishi Motors Genuine Parts have been developed and tested to stringent quality standards. It is recommended to use Mitsubishi Motors Genuine Parts in order to maintain the safety and integrity of your vehicle and that of your passengers. Mitsubishi Motors Genuine Parts are available at all Mitsubishi Authorised Service Points. We are proud to regularly score top in After Sales quality surveys.

COMPREHENSIVE WARRANTY – OBVIOUSLY

New Mitsubishi vehicles come standard with a comprehensive 5*-year warranty or up to a maximum of 100,000 km (62,500 miles), whichever comes first. The anti-corrosion perforation warranty covers rusting through for the first 12* years. The reliability statistics for Mitsubishi vehicles are impeccable, but in the unlikely event that you do need help, we offer MAP.

*Depending on vehicle model and market, for details please refer to your Mitsubishi Service Booklet

MITSUBISHI MOTORS ASSISTANCE PACKAGE (MAP) – FREE BREAKDOWN ASSISTANCE

In order to demonstrate our commitment to your mobility and the faith we have in the reliability of our vehicles, you will receive a free MAP card valid for 5 years with your new Mitsubishi. With the MAP card in your pocket, your mobility is guaranteed in more than 30 countries throughout Europe.

Some equipment may vary according to country.

Please consult your local Mitsubishi Motors dealer/distributor for details. All rights reserved.
MORE CAPABLE THAN EVER BEFORE.
Experience driving pleasure at a whole new level with the Plug-in Hybrid EV SUV. Motors at each axle and an efficiently powerful petrol engine work together to optimise performance for driving needs. Enjoy new adventures as well as the daily commute with the new OUTLANDER PHEV's responsive control and quiet comfort.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.
MORE PERFORMANCE. MORE FUN.
Experience the evolution of the PHEV through re-engineered S-AWC technology. An upgraded Twin Motor and S-AWC deliver upgraded power and performance that add four-wheel fun to any situation. The new OUTLANDER PHEV puts another angle on electric, so you drive like a pro.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.
SPACIOUS COMFORT AND NEW REFINEMENT

Enter an oasis of comfort and refinement where driving pleasure is enhanced by generous legroom, luxurious amenities and a supremely quiet ride. Front seats provide body-hugging support around corners. All seats are meticulously finished with high-quality material, and the rear seatbacks can be folded to flexibly meet your changing luggage needs.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.
INNOVATION WITH A PERFORMANCE EDGE

Dramatic refinement has come to the innovative Plug-in Hybrid EV system, which now features a higher-output rear motor, a more fuel-efficient engine and more sophisticated power management based on unrivaled experience for supreme silence, smoothness and torque.

1. Twin motor 4WD and S-AWC
Separately mounted motors at the front and rear axles deliver incredibly responsive 4WD performance with S-AWC ensuring excellent driving stability and intuitive, linear handling.

2. New 2.4-litre engine
The supremely efficient Atkinson-cycle engine with long expansion stroke provides high fuel economy and low CO₂ emissions.

3. Generator
The high-performance generator transforms engine power into electricity to recharge the drive battery and assist the motors when needed.

4. Front Motor PDU & Rear EMCU
These intelligent control units contribute to heightened energy efficiency and optimal motor control with instant maximum torque that outperforms a 3.0-litre petrol engine.

5. Drive battery
The large-capacity 13.8kWh battery is stored under the floor to maximise interior space and lower the centre of gravity for improved safety and handling. Stored electricity can also be used to power external appliances.

Automatically selected drive modes

**ELECTRIC DRIVING**

- **EV Drive Mode**: Electric power only
  The motors power the vehicle using electricity from the battery, resulting in zero fuel consumption and zero CO₂ emissions. This drive mode is quiet, clean and powerful. Maximum speed is 135 km/h.

**HYBRID DRIVING**

- **Series Hybrid Mode**: Electric power + engine assistance
  The motors power the vehicle using engine-generated electricity. The engine generates electricity when the battery level is low and to increase power when accelerating rapidly or climbing hills.

- **Parallel Hybrid Mode**: Engine power + motor assistance
  The engine powers the vehicle (at high speeds, etc. when engine efficiency is high) with assistance from the motors when extra power is required.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.
MORE CONTROL WHILE YOU DRIVE.

Your wish is the OUTLANDER PHEV’s command. Twin Motor AWD teams with S-AWC to deliver torque and traction to each wheel. You’ll feel like the master of the road. The new higher-output rear motor delivers more responsive acceleration, more stability and better control—especially in the new SPORT and SNOW modes.

S-AWC (SUPER ALL WHEEL CONTROL)

This integrated control system, only available from Mitsubishi Motors, delivers incredible power and control. By optimally managing AYC (Active Yaw Control), ABS (Anti-lock braking system) and Active Stability Control (ASC) with Traction Control (TCL), it brings out the full potential of Twin Motor AWD without compromising safety, comfort or fuel efficiency. A new Drive Mode Switch lets you select NORMAL mode for regular driving conditions, SNOW Mode for easier starts and more secure cornering on snow-covered roads, or LOCK Mode to simulate locking of a centre differential and optimally distribute torque to all four wheels for improved traction and stability. A separate SPORT Mode Switch lets you activate the SPORT Mode in any drive mode for quicker response on winding roads.

STRUCTURAL ADHESIVES

Structural adhesive bonding on the door and tailgate openings increases coupling rigidity between body panels for improved steering stability.

REFINED SHOCK ABSORBERS

New larger diameter rear shock absorbers and newly tuned front struts help ensure ideal damping at all speeds.

INSTYLE NAVI with SAFETY / Titanium Grey Metallic [U17]

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.
TOMORROW’S EFFICIENCY TODAY

The innovative Plug-in Hybrid EV system is remarkably eco efficient. Enjoy zero fuel consumption and zero CO₂ emissions during all-electric driving – as well as an incredibly quiet ride. Or enter a hybrid mode to travel even greater distances with low emissions and high fuel efficiency. You can even generate electricity as you drive to enjoy vast stretches of wilderness with total confidence.

INFORMATIVE POWER METER
What is the status of the engine? The motor? The power meter indicates energy usage, regenerative power, engine power (kW), EV output and more for easy confirmation.

CHARGE AND SAVE
Control over battery usage is at your fingertips command using the integrated SAVE CHRG button. Select SAVE before EV driving to maintain the battery level. Or choose CHRG to charge the battery via engine while driving.

REGENERATIVE BRAKING LEVEL SELECTOR (PADDLE TYPE)
Located on the steering wheel, the convenient regenerative braking level selector lets you easily adjust regenerative braking strength to any of six settings.*
* Except when Adaptive Cruise Control (ACC) is active.

ECO Score
Indicates the eco-friendliness of your driving. The more green leaves, the better.

SPECIAL PHEV DISPLAY FUNCTIONS
The Multi-information Display shows various PHEV display functions including driving range indicator, EV Drive ratio indicator and energy flow indicator.

ENERGY MANAGEMENT
Efficient energy management allows concurrent use of various power features – including the air conditioner and audio system – even while charging the battery. A screen also displays the current energy flow, expected charging time and more to keep you informed.

EASY CHARGING AT HOME AND WHILE TRAVELLING
Simply connect the OUTLANDER PHEV with a power outlet at home to charge the drive battery. You can charge while sleeping in around five and a half hours* with the onboard charger and charging cable. Or use the quick charger to charge in as little as 25 minutes (up to 80% capacity) at commercial charging facilities. Charging status is conveniently displayed on the instrument panel.
* With 230V/10A electric power supply. Seven hours with 230V/8A electric power supply.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.
TECHNOLOGY FOR ALL AROUND SAFETY

Advanced safety technology supports safer, more confident driving — on the road and in parking lots, day and night. From intelligent sensors that track your surroundings and warn you of danger to active driving assistance and solid passive protection, the OUTLANDER PHEV delivers all around high levels of safety.

FORWARD COLLISION MITIGATION SYSTEM (FCM)

Helps prevent a frontal collision or reduce damage if the collision becomes unavoidable. Responds to vehicles and pedestrians via camera and laser radar.

DANGER OF COLLISION

WARNING + BRAKING ASSISTANCE

WARNING + AUTO BRAKING

WARNING + STRONG AUTO BRAKING

ADAPTIVE CRUISE CONTROL SYSTEM (ACC)

Maintains a selected distance between your vehicle and the car ahead via radar for greater safety and peace of mind. It reduces driver stress especially during traffic jams on highways.

NO VEHICLE IN FRONT

Your selected speed is maintained even if you remove your foot from the accelerator pedal.

VEHICLE IN FRONT

Your selected distance between vehicles is maintained.

VEHICLE IN FRONT (SLOWING/STOPPING)

When the vehicle in front slows or stops, ACC slows or stops your vehicle.

LANE DEPARTURE WARNING (LDW)

This feature beeps and displays a warning if the vehicle drifts from its lane while the turn signals are not operating.

HIGH-BEAM LOW-BEAM

AUTOMATIC HIGH-BEAM

To increase safety, comfort and driving ease at night, the high beams automatically switch to low beams when vehicles are detected ahead and automatically switch back to high beams so you don’t have to remove your hand from the steering wheel to switch the beams manually.

BLIND SPOT WARNING (BSW)

This safety feature uses radar sensors in the rear bumper to detect vehicles in your rear blind spots, on the right and left sides. An indicator appears in the door mirror when BSW is active and the turn signals are off. When a vehicle is detected while the turn signal is on, an indicator blinks in the corresponding door mirror and a buzzer sounds.

REAR CROSS TRAFFIC ALERT (RCTA)

An indicator appears in the combination meter display when RCTA is active if radar sensors in the rear bumper detect an approaching vehicle nearby while reverse gear is engaged, a warning message appears in the multi-information display, a buzzer sounds and an indicator blinks in both door mirrors.

MULTI AROUND MONITOR

The views from cameras mounted on the front, rear and sides of the vehicle (including a bird’s-eye view) can be displayed in various combinations to reveal what is in blind spots and help you park more safely.

ULTRASONIC MISACCELERATION MITIGATION SYSTEM (UMS)

To help prevent collisions while parking, a buzzer sounds and a warning displays if front or rear sensors detect a nearby obstacle. Motor output is also controlled if you suddenly accelerate by accident.

Note:
- When driving at very low speeds (not in N or P position)
- When obstacle/vehicle is within a short distance
- When accelerator pedal is pushed hard or abruptly
- When driver is not turning to avoid obstacle/vehicle

RISE BODY

Collision safety performance is significantly enhanced by Mitsubishi Motors’ RISE (Reinforced Impact Safety Evolution) body, which efficiently absorbs energy and maintains high cabin integrity in the event of a collision.

Note:
- When accelerator pedal is pushed hard or abruptly
- When obstacle/vehicle is within a short distance
- When driver is not turning to avoid obstacle/vehicle

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

Note: Important Sensing System. Always use the vehicle in a safe and legal manner. Always ensure the vehicle is parked safely, the parking brake is engaged, and the vehicle is set to neutral or reverse gears before using RCTA. Do not rely solely on this system while driving. Always be ready to take control of the vehicle at any time.

Note: The detection and control capabilities of Blind Spot Warning (BSW) are supplemental only and do not prevent you or other vehicles in blind spots in every situation. Please do not rely solely on this system while driving. BSW may not detect all moving vehicles in certain conditions. Drivers are fully responsible for their own safe driving. The radar sensor graphics are for illustrative purposes only and do not represent the actual sensor application. Please see the owner’s manual for additional information.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

**FEATURE HIGHLIGHTS**

**ELECTRIC HEATER**
The electric heater uses the electric water pump to circulate hot water and warm the cabin even if the engine isn’t running, such as during EV driving. So you can run it early in the morning or late at night without bothering the neighbours. In extremely cold weather, the electric heater can also be used to supplement heat generated by the engine.

**MITSUBISHI REMOTE CONTROL**
For convenience, use your smartphone to remotely control the charging timer, reschedule charging for late at night when electricity fees are low, monitor the remaining charge time and more. The latest Mitsubishi Remote Control app enables immediate or timer activation of cabin cooling or heating.

Note: The vehicle and smartphone must be connected by wireless LAN. Some smartphones may not be supported. The cooling function can only be operated remotely in models without the electric heater. Pre-heating requires the electric heater.

**AC 1500W POWER SUPPLY (PLUG: F TYPE)**
One power outlet behind the centre floor console and another in the luggage area on the lower quarter trim panel provide up to 1500W of power from the drive battery, enough to run appliances at a campground or at your home during a power outage.

Note: Some appliances may not be used even if they do not exceed the rated power consumption of 1500W. Please see the user manual for additional information.

**CHARGING CABLE STORAGE**
A storage space beneath the rear luggage area floor is ideal for conveniently storing the charging cable.

Note: The trailer hitch, bracket and wiring harness shown are not factory options, but are separately available. The Ultrasonic misacceleration Mitigation System [UMS] may not operate because the sensor cannot detect the vehicle in front or obstacle when towing. Set the Blind Spot Warning system [BSW] and Rear Cross Traffic Alert [RCTA] to OFF when towing. Please consult your local Mitsubishi Motors dealer/distributor for details about towing.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.
FEATURE HIGHLIGHTS

ROCKFORD FOSGATE® PREMIUM SOUND SYSTEM
Savour the stunning sound quality of a new audio system jointly developed with the Rockford Corporation. Nine speakers surround you with spectacular DTS Neural Surround™ sound.

- **CD/MP3 PLAYER**: A quality CD/MP3 player enables easy connection with a digital audio player for listening pleasure.
- **USB PORT**: The port is conveniently located near the instrument panel, allowing easy access from both front seats.
- **DISPLAY AUDIO**: Controlling the audio system is easy on the 6.1-inch QVGA touch-panel display, which can also display the views from the rear view camera.
- **MITSUBISHI MULTI COMMUNICATION SYSTEM [MMCS]**: This central Wide VGA touch-screen makes navigation easy and keeps you clearly informed of ECO information such as energy consumption and driving range. It also displays the rear camera view whenever you reverse to lend a helping hand.

  - **ECO Function Information**: Your ECO score and other information from ECO functions are displayed.
  - **Split display**: Simultaneously displays map information, audio information, etc. on the same screen.
  - **Navigation guidance in meter display**: Direction and distance cues contribute to safe driving.

Note: The information displayed varies depending on equipment.

- **LED HEADLAMPS WITH LED DAYTIME RUNNING LAMPS AND LED FOG LAMPS**: The stylish new headlamps feature LED lighting for both the high and low beams. The LED fog lamps illuminate the road ahead with white light.

- **ROOF RAILS**: Practically designed roof rails handsomely match the sleek roof.

- **ELECTRIC TAILGATE**: The tailgate can be opened and closed automatically from a switch located near the driver’s seat.

- **HEATED WINDSCREEN**: Heated wires throughout the windscreen clear the glass of fog or frost to secure forward visibility in less time than by using the heater/defroster.

- **HEATED STEERING WHEEL**: The heated steering wheel supports more comfortable operation in chilly weather. Its power switch is conveniently located on the centre panel.

- **HEATED WINDSCREEN**: Heated wires throughout the windscreen clear the glass of fog or frost to secure forward visibility in less time than by using the heater/defroster.

- **ROOF RAILS**: Practically designed roof rails handsomely match the sleek roof.

- **ELECTRIC TAILGATE**: The tailgate can be opened and closed automatically from a switch located near the driver’s seat.

- **KEYLESS OPERATION SYSTEM [KOS]**: When carrying the key, you can press a button on the outside of the front doors or tailgate to lock or unlock all the doors and tailgate and press the power switch in the cockpit to start the Plug-in Hybrid EV System.

- **REAR VENTS**: Adjustable vents are provided in the rear console to keep rear passengers comfortable.

- **ROCKFORD FOSGATE® PREMIUM SOUND SYSTEM**: Savour the stunning sound quality of a new audio system jointly developed with the Rockford Corporation. Nine speakers surround you with spectacular DTS Neural Surround™ sound.

- **LED HEADLAMPS WITH LED DAYTIME RUNNING LAMPS AND LED FOG LAMPS**: The stylish new headlamps feature LED lighting for both the high and low beams. The LED fog lamps illuminate the road ahead with white light.

- **ROOF RAILS**: Practically designed roof rails handsomely match the sleek roof.

- **ELECTRIC TAILGATE**: The tailgate can be opened and closed automatically from a switch located near the driver’s seat.

- **HEATED WINDSCREEN**: Heated wires throughout the windscreen clear the glass of fog or frost to secure forward visibility in less time than by using the heater/defroster.

- **HEATED STEERING WHEEL**: The heated steering wheel supports more comfortable operation in chilly weather. Its power switch is conveniently located on the centre panel.

- **HEATED WINDSCREEN**: Heated wires throughout the windscreen clear the glass of fog or frost to secure forward visibility in less time than by using the heater/defroster.

- **ROOF RAILS**: Practically designed roof rails handsomely match the sleek roof.

- **ELECTRIC TAILGATE**: The tailgate can be opened and closed automatically from a switch located near the driver’s seat.

- **KEYLESS OPERATION SYSTEM [KOS]**: When carrying the key, you can press a button on the outside of the front doors or tailgate to lock or unlock all the doors and tailgate and press the power switch in the cockpit to start the Plug-in Hybrid EV System.

- **REAR VENTS**: Adjustable vents are provided in the rear console to keep rear passengers comfortable.

- **ROCKFORD FOSGATE® PREMIUM SOUND SYSTEM**: Savour the stunning sound quality of a new audio system jointly developed with the Rockford Corporation. Nine speakers surround you with spectacular DTS Neural Surround™ sound.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

1. 3.5cm soft dome tweeter
2. 16cm polypropylene cone speaker
3. 16cm polypropylene coaxial 2-way speaker
4. 25cm subwoofer
5. 710W 8-channel high-power amplifier

- **BLUETOOTH® HANDS-FREE KIT**: Keep in touch while keeping safely in control with the hands-free kit. Link your Bluetooth®-compatible mobile phone, and the voice-activated dialer lets you make calls while holding the wheel.

- **USB PORT**: The port is conveniently located near the instrument panel, allowing easy access from both front seats.

- **DISPLAY AUDIO**: Controlling the audio system is easy on the 6.1-inch QVGA touch-panel display, which can also display the views from the rear view camera.

- **CD/MP3 PLAYER**: A quality CD/MP3 player enables easy connection with a digital audio player for listening pleasure.

THE SPIRITED NEW S EDITION
Satisfy your passion for driving pleasure with the OUTLANDER PHEV S Edition. A special edition black leather interior with diamond-stitched seats conveys elite sophistication. Bilstein shock absorbers deliver more linear handling. And aluminium pedals enhance refinement and control. It’s the privileged choice of demanding drivers.

Note: Equipment may vary by market. Please contact your local Mitsubishi Motors dealer/distributor for details.
Key features (in addition to INSTYLE NAVI with SAFETY)

- 18” x 7.0J alloy wheels (dark chrome)
- Bilstein shock absorbers
- Front grille (dark chrome)
- Glossy black door sashes
- Front skid guard (colour-keyed)
- Rear skid guard (colour-keyed)
- Black roof rails
- Aluminium acceleration and brake pedals

Highly responsive Bilstein shock absorbers dramatically improve handling and stability.

Note: Bilstein® is a registered trademark of ThyssenKrupp Bilstein GmbH. Actual product may differ from photo shown.

Note: Equipment may vary by market. Please contact your local Mitsubishi Motors dealer/distributor for details.
EQUIPMENT LEVEL

INSTYLE NAVI

with SAFETY

Key features (in addition to INSTYLE NAVI)
- Forward Collision Mitigation (FCM) system
- Adaptive Cruise Control (ACC) system
- Lane Departure Warning (LDW) system
- Automatic high-beam
- Accent panel / door trim panels / floor console panel (morphing black) with silver moulding
- Mitsubishi Multi Communication System (MMCS) navigation system with Rockford Fosgate® 710W premium sound system, LW/MW/FM radio, CD/MP3 player, 5 speakers, USB port (instrument panel, single port type) and rear view monitor/camera
- Front and rear leather seats with diamond quilting (6-way power adjustable driver’s seat, front seat heaters, driver’s and front passenger’s seatback pockets)

Optional shown:
- Anti-trapping electronically controlled sunroof with sunshade (tilt and sliding)

INSTYLE NAVI

Key features (in addition to INSTYLE NAVI)
- Blind Spot Warning (BSW) with Lane Change Assist
- Rear Cross Traffic Alert (RCTA)
- Multi Around Monitor
- Ultrasonic misacceleration Mitigation System (UMMS)
- Steering wheel camera switch
- Front and rear leather seats (8-way power adjustable driver’s seat, front seat heaters, driver’s and front passenger’s seatback pockets)
- Heated windshield
- LED headlamps with auto levelling
- LED front fog lamps with silver bezel

Optional shown:
- 17” front ventilated disc brakes
- Corner sensors
- 225/55R18 tyres and 18” x 7.0J alloy wheels
- Mitsubishi Remote Control with timed-charging cancellation switch
- Electric heater
- Digital Audio Broadcast (DAB) radio

INTENSE

Key features (in addition to INSTYLE NAVI)
- 16” front ventilated disc brakes
- Driver’s and front passenger’s SRS airbags, side airbags & curtain airbags for 1st and 2nd rows
- Driver’s SRS knee airbag
- Active Stability Control (ASC) with Traction Control (TCL) system
- Super All Wheel Control (S-AWC)
- Acoustic Vehicle Alerting System (AVAS)
- Tyre Pressure Monitoring System (TPMS)
- 215/70R16 tyres and 16” x 6.5J alloy wheels
- Chrome beltline mouldings
- Colour-keyed door mirrors and side turn lamps, electronically controlled with defoggers and folding function
- High regenerative brake stop signal
- Silver roof rails
- Rear spoiler
- 4WD selector on floor console (4WD lock / snow mode / normal mode)

Optional shown:
- SPORT mode switch
- EU switch
- Soft upper surface instrument panel, meter hood and front door trims with stitches
- Four-spoke leather wrapped steering wheel with stitches
- Accent panel / door trim panels / floor console panel (piano black) with silver moulding
- Auto dimming rear view mirror
- Sunglass pocket
- Foot lamps (driver and front passenger)
- Electric Parking Brake / Brake Auto Hold
- Quick charger
- Regenerative braking level selector (paddle type)
- Cruise control (including steering wheel remote control switches)
- Speed limiter (including steering wheel remote control switches)
- High contrast back-lit meters and gauges

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

INTENSE+

Key features (in addition to INTENSE)
- 17” front ventilated disc brakes
- Corner sensors
- 225/55R18 tyres and 18” x 7.0J alloy wheels
- Mitsubishi Remote Control with timed-charging cancellation switch
- Electric heater
- Digital Audio Broadcast (DAB) radio

Optional shown:
- Heated steering wheel

Optional shown:
- Display audio with LW/MW/FM radio, CD/MP3 player, 6 speakers and rear view monitor/camera

Note: Rockford Fosgate® and associated logos are registered trademarks of Rockford Corporation in the United States and other countries.

Optional shown:
- Display audio with LW/MW/FM radio, CD/MP3 player, 6 speakers and rear view monitor/camera

Note: Rockford Fosgate® and associated logos are registered trademarks of Rockford Corporation in the United States and other countries.

---

**Interior**

- EV switch
- Soft upper surface instrument panel, meter hood and front door trims with stitches
- Four-spoke leather wrapped steering wheel with stitches
- Tilt and telescopic-adjustable steering column
- Joy-ride-type shifter knob
- 4WD selector on floor console (4WD lock / snow mode / normal mode)
- SPORT mode switch
- Save / Charge mode switch
- ECO mode switch
- Steering wheel camera switch
- Aluminium acceleration and brake pedals
- Accent panel / door trim panels / floor console panel (piano black) with silver moulding
- Accent panel / door trim panels / floor console panel (silver carbon) with silver moulding
- Rear seat control switch
- Centre armrest with stitches and 2 integrated cupholders
- Chrome inner door handles
- Driver's and front passenger's sunvisor with vanity mirror, tilt and ticket holder with light illumination
- Auto dimming rear view mirror
- Sunglass pocket*
- Black upper interior
- Bottle holders in door trim x 4
- Accessory 12V sockets in instrument panel
- Door scuff plates (black)
- Tonneau cover
- Fuel filler cover
- Fuel filler cap
- Fuel filler charger lid locking system
- Luggage floor box
- Hooks for luggage net x 4
- Retractable assist grip x 4

**Interior Lighting**

- Front room lamp with map lamp
- Luggage room lamp
- Console down light
- Foot lamps (driver and front passenger)
- Glove box illumination

**Comfort**

- Electric power steering
- Electric Parking Brake
- Brake Auto Hold
- Regular charger with regular charging cable (Mode 2)
- Quick charger
- Regenerative braking level selector (pedal type)
- Mitsubishi Remote Control with timed-charging cancellation switch
- Main battery warning system
- Energy flow indicator
- Cruise control (including steering wheel remote control switches)
- Speed limiter (including steering wheel remote control switches)
- Audio control (including steering wheel remote control switches)
- Heated steering wheel
- High contrast back-lit meters and gauges
- Colour head-up display with ECO score indicator x washer fluid level warning lamp
- Keyless Operation System (KDS) with two Keyless Operation Keys and power switch
- Power windows with anti-trapping and home up home down function with illuminated switch
- Dual-zone automatic climate control air conditioning system
- Electric heater
- Rear vents
- Rear heater vents
- Rain sensor
- Auto light control
- Electric tailgate
- Central door locking system

** Leather seats include synthetic leather on the sides, rear, partial seating surfaces and head restraint (also on rear center armrest, door armrests and door trim etc).
*** Heated windscreen and front wiper de-icer cannot be installed together.
• Individuals who use implantable pacemakers or implantable cardioverter-defibrillators should keep away from the keyless operation system.

**WARNING**  
Note: Rockford Fosgate® and associated logos are registered trademarks of Rockford Corporation in the United States and other countries.

The electromagnetic waves used in the keyless operation system may affect the operation of implantable pacemakers and implantable cardioverter-defibrillators.

• Individuals using other electro-medical apparatuses should check with the manufacturer of the apparatus to confirm the effect of the electromagnetic waves used by the keyless operation system, as the electromagnetic waves may affect their operation.
